From Yesterday to Today **MARATON TİCARET**

We have been meeting the needs of Sakarya in a variety of branches since 1932. In 2003, we began operating in the soft drink sector, bringing our years of experience to this field. We offer the most accurate service and product by staying up-to-date on the latest innovations in the soft drink sector. We do this through market analysis and by leveraging our work ethic and experience, which has been passed down from generation to generation in the field of commerce.

We have been serving our customers from our central store since 1932. In 2020, we opened a second sales and distribution center to better serve our customers. We are committed to providing you with the best possible service, and we are grateful for your support.
